Business Plan: Momentum Ops Consulting

A Boutique Consultancy for Salesforce & Process Automation

---

1. Executive Summary

Momentum Ops Consulting is a boutique consultancy founded by Kristen Blanks, designed to help small and medium-sized businesses (SMBs) unlock growth through Salesforce CRM optimization and strategic process automation. We bridge the gap between technology and business objectives, transforming complex systems into streamlined, revenue-generating assets. Our core mission is to empower SMBs with the operational efficiency and data-driven insights typically reserved for large enterprises.

Based on Kristen Blanks' proven track record of driving 35% increases in user adoption and 40% reductions in operational bottlenecks, Momentum Ops is positioned to deliver immediate, measurable ROI for its clients. We will launch as a sole proprietorship, offering a tiered menu of services from a foundational "Salesforce Health Check" to comprehensive CRM implementation and CLM integration. The initial target market will be SMBs in the technology and professional services sectors with 50-250 employees who are underutilizing their Salesforce investment.

Financial projections indicate a realistic first-year revenue of $145,000, achieved through a mix of project-based work and retainer agreements, with a net profit margin of over 70% due to the low-overhead, remote-first model.

---

2. Company Description

- **Business Name:** Momentum Ops Consulting
- **Founder:** Kristen Blanks

- **Legal Structure:** Sole Proprietorship (to start, with option to evolve to LLC)
- **Business Model:** Remote-first, project-based consulting and retainer services.

Mission Statement

To empower small and medium-sized businesses to achieve operational excellence and sustainable growth by transforming their Salesforce platform from a simple database into a powerful engine for automation, efficiency, and strategic insight.

Vision Statement

To be the leading provider of Salesforce and process automation consulting for SMBs, known for delivering practical, high-impact solutions that generate measurable results and build lasting client partnerships.

Core Values

- **Results-Driven:** We measure our success by the quantifiable improvements we deliver to our clients.
- **Pragmatic Innovation:** We implement the right solutions, not just the latest trends, to solve real-world business problems.
- **Client Empowerment:** We educate our clients, ensuring they have the knowledge and tools to manage their systems effectively long after our engagement ends.
- **Integrity & Transparency:** We build trust through clear communication, honest guidance, and a commitment to our clients' best interests.

---

3. Services Offered

Momentum Ops will offer a tiered menu of services designed to meet clients at their point of need, from quick-win diagnostics to full-scale transformation projects.

Service Tier	Service Name	Description	Target Client	Price Point (Est.)
Tier 1	**Salesforce Health Check**	A comprehensive audit of the client's existing Salesforce instance, identifying critical issues, security vulnerabilities, and opportunities for immediate improvement. Deliverable is a detailed report and a 90-day optimization roadmap.	Companies unsure of their Salesforce ROI or experiencing user complaints.	$2,500 (Fixed Fee)
Tier 2	**Workflow Automation Sprint**	A 4-week project focused on automating a single, high-impact business process (e.g., lead-to-quote, contract renewal). Includes requirements gathering, workflow design, implementation, and training.	Businesses struggling with a specific manual bottleneck.	$7,500 (Project Fee)
Tier 3	**Salesforce Optimization Project**	A comprehensive project to overhaul and optimize an existing Salesforce implementation. Includes cleaning data, refining user roles, building custom dashboards, and automating key workflows.	Companies with a functional but underperforming Salesforce instance.	$15,000–$30,000 (Project-Based)

Service Tier	Service Name	Description	Target Client	Price Point (Est.)
Tier 4	**Full Salesforce & CLM Implementation**	End-to-end implementation of Salesforce and a Contract Lifecycle Management (CLM) system like DocuSign CLM. Includes discovery, architecture, configuration, data migration, integration, and training.	New businesses or those migrating from another CRM.	$30,000+ (Project-Based)
Retainer	**Strategic Advising & Support**	Ongoing monthly support, strategic guidance, and system administration. Includes a set number of hours for on-demand support, new feature implementation, and performance monitoring.	Graduates of Tier 2-4 projects who need ongoing expertise.	$2,000-$5,000/month

---

4. Market Analysis

The demand for Salesforce expertise and digital transformation services for SMBs is experiencing explosive growth. Momentum Ops Consulting is strategically positioned to capitalize on these powerful market trends.

Market Size & Growth

The global Salesforce consulting service market is a massive and rapidly expanding industry. Key projections validate the significant opportunity:

- **Global Market Growth:** The market is projected to grow from $20.93 billion in 2025 to$ **57.00 billion by 2032**, demonstrating a robust Compound Annual Growth Rate (CAGR) of **15.4%** [1].
- **U.S. Market:** The United States market alone is expected to grow from $6.5 billion in 2024 to$ **12.8 billion by 2033** [2].
- **Talent Demand:** Demand for Salesforce consultants in the USA surged by **72% in 2025** after a brief dip, with consultancy roles now making up a quarter of all Salesforce job listings [5].

This data indicates a sustained, high-growth environment where specialized consultants are in high demand and can command premium rates.

Target Market: The Underserved SMB

While large enterprises have dedicated teams and massive budgets for Salesforce, Small and Medium-sized Businesses (SMBs) represent a largely underserved segment. This is our primary target market.

- **Digital Transformation is Key:** SMBs are increasingly recognizing that digital transformation is critical for survival and growth. Key trends for 2026 include AI, automation, and cloud computing—all areas where Momentum Ops provides value [9].
- **The Salesforce Gap:** Many SMBs have invested in Salesforce but lack the in-house expertise to fully leverage its capabilities. They are often stuck with a basic, underutilized implementation that functions more like a simple contact database than a powerful CRM.
- **Need for ROI:** SMBs are highly focused on ROI. They need practical, cost-effective solutions that deliver measurable results quickly. They cannot afford the multi-million dollar, multi-year projects typical of large enterprise consulting.

Ideal Client Profile:

- **Industry:** Technology, Professional Services, SaaS, B2B Services
- **Size:** 50-250 employees
- **Revenue:** $5M-$50M annually
- **Pain Points:**
  - "Our Salesforce is a mess."

- “We aren’t getting the data we need to make decisions.”
- “Our sales and service processes are inefficient and manual.”
- “We know we could be doing more with Salesforce, but we don’t know how.”

Competitive Landscape

The Salesforce consulting ecosystem is diverse, ranging from global system integrators to individual freelancers. Momentum Ops will differentiate itself by occupying a strategic niche.

Competitor Type	Examples	Strengths	Weaknesses	How Momentum Ops Competes
Global SIs	Accenture, Deloitte, PwC	Deep resources, large teams, established enterprise relationships	High cost, slow-moving, bureaucratic, not focused on SMBs	By being agile, affordable, and exclusively focused on the needs of SMBs. We offer a personalized, hands-on approach they cannot match.
Boutique Consultancies	FoundHQ freelancers, regional partners	Specialized expertise, more affordable than SIs	Variable quality, may lack strategic business acumen	By combining deep technical expertise with a strong focus on business strategy and measurable ROI. Our founder's background as a Business Systems Analyst is a key differentiator.
Individual Freelancers	Upwork, Toptal	Low cost, flexible	Often tactical (e.g., "build this one flow") rather than strategic, may lack a holistic business perspective, reliability can be a concern	By offering a professional, structured, and reliable service with a clear methodology and guaranteed outcomes. We are a strategic partner, not just a temporary coder.

Our Unique Selling Proposition (USP):

> *Momentum Ops Consulting is the strategic partner for SMBs who want to unlock the full potential of their Salesforce investment. We combine the strategic insight of a large consultancy with the agility and cost-effectiveness of a freelancer, delivering practical, high-ROI solutions that drive measurable growth.*

---

5. Strategy & Implementation

Our go-to-market strategy is focused on building authority, establishing trust, and creating a scalable client acquisition engine.

Marketing & Sales Strategy

- **Phase 1: Foundational (Months 1-3)**
  - **Professional Website:** Launch a clean, professional website showcasing our services, case studies (initially based on past career achievements), and client testimonials.
  - **LinkedIn Optimization:** Create a powerful LinkedIn presence for both Kristen Blanks and Momentum Ops Consulting. Regularly post valuable content (tips, case studies, industry insights) to build a following.
  - **Niche Freelance Marketplaces:** Establish a strong presence on **FoundHQ** and **Braintrust** to capture immediate project opportunities.
- **Phase 2: Content & Authority (Months 4-9)**
  - **Content Marketing:** Publish one in-depth blog post or case study per month. Topics will focus on solving common SMB pain points (e.g., “5 Signs Your Salesforce Needs a Health Check,” “How to Automate Your Contract Renewal Process”).
  - **Webinars:** Host one free webinar per quarter on a high-value topic, such as “Salesforce for SMBs: From Cost Center to Revenue Driver.” Use this to build an email list.
  - **Networking:** Actively participate in online Salesforce communities and local business groups.
- **Phase 3: Scaling (Months 10-18)**
  - **Referral Program:** Implement a formal referral program for existing clients.
  - **Paid Advertising:** Experiment with targeted LinkedIn ads to promote webinars and Tier 1 Health Check services.
  - **Partnerships:** Develop relationships with complementary businesses (e.g., marketing agencies, accounting firms) for cross-referrals.

Operations Plan

- **Technology Stack:**
  - **CRM:** A free Salesforce Developer Edition to manage our own client pipeline.
  - **Project Management:** Jira or Trello for managing client projects.
  - **Communication:** Slack and Zoom for client collaboration.
  - **Website:** Webflow or Squarespace for a professional, low-maintenance site.
  - **Accounting:** QuickBooks Self-Employed.
- **Client Onboarding Process:**
  1. **Initial Consultation (Free):** 30-minute discovery call to understand pain points.
  2. **Proposal:** Deliver a detailed proposal outlining scope, timeline, and pricing.
  3. **Contract:** Use a standardized consulting agreement.
  4. **Kick-off Meeting:** Formal project kick-off to align on goals and expectations.

---

6. Financial Plan

This financial plan is based on a conservative, solo-founder model with low overhead.

Startup Costs

Item	Cost	Notes
Business Registration (Sole Proprietorship)	$50	Varies by state
Website (Squarespace/Webflow)	$300/year	
Professional Email (Google Workspace)	$72/year	
Accounting Software (QuickBooks)	$180/year	
Total Startup Costs	**$602**	

Revenue Projections (Year 1)

This projection is based on a gradual ramp-up of client work.

Quarter	Projected Work	Revenue
Q1	1x Health Check, 1x Automation Sprint	$10,000
Q2	2x Health Checks, 1x Optimization Project	$20,000
Q3	1x Optimization Project, 1x Full Implementation	$45,000
Q4	1x Full Implementation, 2x Retainers	$70,000
Total Year 1 Revenue		**$145,000**

Profit & Loss (Year 1)

Category	Amount	Notes
Total Revenue	**$145,000**	
Expenses		
Marketing & Advertising	$2,000	LinkedIn Ads in H2
Software Subscriptions	$1,000	Website, Email, Accounting, etc.
Professional Development	$1,500	Certifications, training
Business Insurance	$1,000	E&O Insurance
Home Office Deduction	($5,000)	Estimated tax deduction
Total Expenses	**$5,500**	
Net Profit Before Tax	**$139,500**	
Estimated Taxes (30%)	$41,850	
Net Profit After Tax	**$97,650**	**~67% Profit Margin**

7. Implementation Roadmap

This roadmap outlines the critical milestones for launching and scaling Momentum Ops Consulting over the first 18 months.

Phase 1: Foundation (Months 1-3)

Objective: Establish the legal, operational, and marketing foundation for the business.

Week	Action Items	Deliverable
Week 1-2	• Register business as sole proprietorship • Open business bank account • Set up accounting software (QuickBooks) • Purchase domain name (momentumopsconsulting.com)	Business legally established
Week 3-4	• Design and launch professional website • Create service pages for all 5 tiers • Write “About” page highlighting Kristen’s background • Set up contact forms and scheduling tool	Website live
Week 5-6	• Optimize LinkedIn profile for Kristen Blanks • Create Momentum Ops LinkedIn Company Page • Join 5-10 relevant LinkedIn groups • Create profiles on FoundHQ and Braintrust	Online presence established
Week 7-9	• Develop standard consulting agreement template • Create proposal templates for each service tier • Design client onboarding checklist • Set up project management system (Jira/Trello)	Operational systems ready
Week 10-12	• Launch first LinkedIn content campaign (3 posts/week) • Reach out to 20 warm contacts from past roles • Apply to 5 projects on FoundHQ/Braintrust • Offer free “Salesforce Health Check” to 2 beta clients	First clients acquired

Success Metrics:

- Website launched with 5 service pages
- LinkedIn profile optimized with 500+ connections
- 2 beta clients secured
- $10,000 in revenue (Q1 target)

Phase 2: Growth (Months 4-9)

Objective: Build authority, generate consistent leads, and establish recurring revenue.

Month	Action Items	Deliverable
Month 4	• Publish first blog post/case study • Launch email newsletter • Complete 2 client projects • Request testimonials and referrals	Content engine started
Month 5	• Host first webinar: "Salesforce for SMBs" • Build email list to 50 subscribers • Secure 1 Optimization Project ($15K-$30K)	Authority building
Month 6	• Publish second case study • Experiment with LinkedIn ads ($500 budget) $< br >$ • $Land first retainer client$ (2K-$5K/month)	Recurring revenue established
Month 7-8	• Develop referral program • Reach out to 10 potential partner businesses • Secure 1 Full Implementation project ($30K+)	Partnership pipeline
Month 9	• Host second webinar • Publish third case study • Review and optimize marketing funnel	Mid-year review

Success Metrics:

- 3 published case studies
- Email list of 100+ subscribers
- 2 retainer clients generating $4K-$10K/month
- $65,000 in revenue (Q2-Q3 target)

Phase 3: Scale (Months 10-18)

Objective: Scale operations, increase revenue, and prepare for potential team expansion.

Month	Action Items	Deliverable
Month 10-12	• Launch formal referral program • Increase LinkedIn ad budget to $1K/month • Secure 2 additional retainer clients • Consider hiring first subcontractor for overflow work	Scalable systems
Month 13-15	• Develop productized service offering (e.g., "30-Day Salesforce Sprint") • Explore white-label partnerships • Host quarterly webinar series • Achieve $15K/month in recurring revenue	Product development
Month 16-18	• Evaluate LLC conversion • Plan for first hire (junior analyst or VA) • Expand service offerings (e.g., Salesforce training) • Target $20K/month in revenue	Business maturity

Success Metrics:

- 4-5 active retainer clients
- $70,000 in revenue (Q4 target)
- $145,000 total Year 1 revenue
- Clear path to $250K+ in Year 2

---

8. Risk Analysis & Mitigation

Every business faces risks. Momentum Ops has identified the following key risks and developed mitigation strategies.

Risk	Probability	Impact	Mitigation Strategy
Difficulty acquiring first clients	Medium	High	• Offer discounted “beta” projects to build portfolio • Leverage warm network from past roles • Use freelance marketplaces (FoundHQ, Braintrust) for immediate opportunities
Cash flow gaps between projects	Medium	Medium	• Prioritize retainer clients for predictable revenue • Maintain 3-month emergency fund • Offer flexible payment terms (50% upfront, 50% on completion)
Scope creep on fixed-price projects	High	Medium	• Use detailed Statements of Work • Implement change order process • Build 10-15% buffer into project timelines
Burnout from solo operations	Medium	High	• Set clear boundaries (no work on weekends) • Outsource non-core tasks (bookkeeping, admin) • Plan for subcontractor support by Month 12
Market saturation/competition	Low	Medium	• Focus on underserved SMB niche • Differentiate through business strategy focus • Build strong personal brand and thought leadership
Economic downturn affecting SMB budgets	Low	High	• Diversify client base across industries • Emphasize ROI and cost savings in messaging • Offer smaller, modular services (Tier 1-2) during downturns

---

9. Long-Term Vision (Years 2-5)

While Year 1 focuses on establishing the business and proving the model, the long-term vision for Momentum Ops is to build a sustainable, scalable consultancy.

Year 2 Goals

- **Revenue:** $250,000
- **Team:** Hire 1 junior Business Analyst or Virtual Assistant
- **Services:** Launch Salesforce training program for SMBs
- **Retainers:** 8-10 active retainer clients

Year 3-5 Vision

- **Revenue:** $500,000+ annually
- **Team:** 3-5 full-time employees or contractors
- **Services:** Expand into adjacent areas (e.g., HubSpot, Zoho CRM)
- **Business Model:** Transition to LLC, explore potential acquisition or partnership opportunities

Exit Strategy (Optional)

While the primary goal is to build a sustainable lifestyle business, potential exit options include:

- **Acquisition:** Sell to a larger Salesforce consultancy or system integrator
- **Merger:** Partner with a complementary business (e.g., marketing agency)
- **Passive Income:** Build a team to run operations while Kristen transitions to advisory role

---

10. Conclusion & Next Steps

Momentum Ops Consulting represents a strategic, high-potential business opportunity that leverages Kristen Blanks' proven expertise in Salesforce CRM, process automation,

and digital transformation. The market is experiencing explosive growth, SMBs are underserved, and the business model is low-risk with high profit margins.

The path forward is clear:

1. **Immediate (Week 1):** Register the business and set up foundational systems
2. **Month 1:** Launch website and optimize LinkedIn presence
3. **Month 2:** Secure first 2 beta clients
4. **Month 3:** Deliver first projects and request testimonials
5. **Month 6:** Land first retainer client and recurring revenue
6. **Month 12:** Achieve $145,000 in Year 1 revenue

With disciplined execution, strategic marketing, and a relentless focus on delivering measurable ROI for clients, Momentum Ops Consulting is positioned to become a thriving, sustainable business that provides both financial freedom and professional fulfillment.

The time to act is now. The market is ready. Your expertise is in demand. Let's build Momentum Ops Consulting.
